EDUCATION

W.P. Carey School of Business, Arizona State University *(August 2018-May 2023)*

- Bachelor's Degree of Science in Computer Information Systems.
- 3.8 GPA - Magna Cum Laude

PROFESSIONAL EXPERIENCE

US Foods – Technical Engineering Analyst *(Jul 2024-Apr 2026)*

- Provide Tier 3 Engineering Support and ticket resolution to company employees, utilizing tools such as BigFix, Intune, Power Platform, Powershell, and more.
- Drive asset management and analyze device inventory by maintaining large PowerBI dashboards, automated to regularly update with complex Power Automate flows and logic.
- Support the maintenance and validity of both licensed and open-source software, as well as patching over 20,000 company-owned devices on a regular basis to ensure compliance.
- Configure and maintain over 400 Kiosks with images derived from Shell Launcher. Kiosks are used for new employee onboarding, driver timesheet punch-ins, and warehouse labor management

US Foods – Tech Support Analyst Associate *(Jun 2023-Jul 2024)*

- Provide Tier 2 Technical Support to company employees, utilizing tools such as BigFix.
- Work closely with Tier 1 support to ensure customer satisfaction and the timely resolution of tickets in an SLA format.

Best Buy – Geek Squad Home Theater Cadet *(Oct 2022-May 2023)*

- Travel directly to clients' homes to install, service, and maintain devices such as large televisions, security cameras, office furniture, Wi-Fi devices, and more.

US Foods – IT Specialist Intern *(May 2022-Augt 2022)*

- Chosen from a group of over 2,000 applicants to represent the Tier 2 Associate Computing Team.
- Resolve support tickets, analyzed patterns in our "Stop Waste" initiative, and provided a final presentation to the Executive Leadership team regarding incident escalation and resolution.

Mesa Public Schools – I.S. Technology Assistant *(October 2019 – May 2022)*

- Provide technical support and training to Elementary School students, staff, and parents daily – in the classroom, front office, and computer lab.
- Manage daily attendance and analyzed trends of student absences.
- Disinfect, take inventory of, and reimage over 500 student devices.

Mesa Public Schools - Information Systems Intern *(May 2017 - Aug 2017)*

- Update, reimage, and maintain over 300 student desktops and laptops to ensure Windows Operating System compliance.

ADDITIONAL EXPERIENCE

Krazy Air Trampoline Park – Air Guard and Food Worker *(May 2018 - July 2019)*

- Supervise children, ensure cleanliness, provide customer service and assist with management tasks.
- Handle customer orders, prepare and serve meals, maintain kitchen and dining room cleanliness.

SKILLS & ACCOMPLISHMENTS

US Foods:

- Resolved **over 1,300 support tickets** for users by year-end 2024, amounting to over 70% of my team's workload. This, among other accomplishments, **resulted in an "Excelling" end-of-year review**, which is the highest rating an employee can receive.
- Promoted from Tier 2 to Tier 3 technical support in an Engineering role after just one year.
- **Software Development**
  - Participated in two **CodeFest "Hackathons" hosted by US Foods**. Developed a Microsoft PowerApp as a concept for allowing warehouse employees to report workplace safety concerns to upper management.
  - **Created BigFix automated script** to force Windows 11 on compatible devices as part of our team's prep for Windows 10 EOL, upgrading over 100 devices that would have otherwise had to be replaced or manually updated. Later, developed PowerShell scripts to clear disk space for VDI users, update user wallpapers with minimal disruption, and delete devices from users on Intune with Azure AD modules.

Webster Elementary School:

- In addition to regular duties - singlehandedly filmed, edited, and hosted a **weekly news broadcast** that was student-led and provided helpful announcements to all staff and their fellow peers.
- Received reward from Webster's principal for going above and beyond my job role to provide IT support, training, and service to teachers across campus who struggled with learning Canvas and Windows functionality.

LinkedIn Learning Courses:

- **Pursuing |** Django for Python, Database Foundations, AWS Solutions Architecture, and Linux.
- **Completed |** Career Essentials – Microsoft & LinkedIn:
  - Generative AI; Administrative Assistance; Cybersecurity; Software Development; Project Management

Other:

- Completed over 1,000 UberEats deliveries in a period of eight months to gain a full-ride scholarship to ASU and finish my education.
- Typing speed of over 170 WPM!
- Eagle Scout Award (Boy Scouts of America)
- Spanish – Intermediate Fluency

LEADERSHIP

- Led an initiative **to replace 10+ year old student devices with new laptops**. Provided training, support and inventory management for all classrooms. Including hardware replacement, software troubleshooting, and training for education-oriented learning programs such as Canvas.

- At 15, led a community-wide Eagle Scout service project to **restore a half-mile neighborhood wall**. Managed a crew of over 30 volunteers to sand, paint, and clean the entire perimeter.

- Considered the "planner" of the group by several family and friends. Planned and successfully executed over 5 road trips between 2020 and 2025. Booking the hotel, driving, and managing expenses amongst groups of up to 10 friends and family.
